

Hemmets Journal

Hemmets Journal is Sweden's large classic weekly magazine – continuously embraced by new generations. Each week, we reach 250,000 readers. The magazine's readers are very loyal, and our credibility is high; people simply trust what we write! 75 percent of our readers are women with an active interest in food, gardening, home and family, dogs, cats, interior design, fashion, beauty, and health.

READERS

Our readers are active and engaged. If they're not working in the garden, they're preparing lovely dinners, planning this summer's long trip, taking evening courses in French, or listening to the latest from Viveca Sten in the car on their way home from work. At home, the week's issue of Hemmets Journal awaits, providing a moment of pleasant relaxation. The magazine will keep them company for at least two hours in the coming week. We offer readers entertainment, practical tips, and exciting stories from real life – just like a good and close friend!

Readers are mature women (50+) residing all over the country, primarily in small and medium-sized cities.
